

# Welti-Furrer Fine Art – Our services

Your partner for fine art logistics – since 1838

**welti-furrer**

Fine Art

Our experienced team at Welte-Furrer Fine Art plans your fine art shipment from start to finish. We organise every step, starting with suitable and customised packaging, transportation in alarm secured vehicles with pneumatic suspension and climate

### Packaging

We provide you with a large selection of rental crates and packaging materials for shipments of every kind. We produce customised packaging according to your requirements in our in-house joinery workshop. Whether cardboard packaging, FastART boxes, transport frames or climate crates for overseas shipments – you benefit from a wide variety of packaging and materials.

### Customs clearance

Our highly trained employees advise you in all matters regarding customs clearance. We arrange temporary and permanent importation, transit documentation (international and national), CITES certificates as well as Carnet ATA and cultural heritage registrations.

control, arranging the necessary customs documentation and insurance coverage up to installation on site. During transit, your artworks are ideally protected and stored in our climate-controlled and highly secured warehouse.

## Transport and handling

We have a variety of vehicles with pneumatic suspension, climate control and security alarms for the safe transportation of artworks. Thanks to constant GPS surveillance, we always have an eye on your shipment. If required we also organise a courier or a security escort to accompany the shipment. Among others, we also organise airfreight shipments, in-

cluding handover at the airport. Our employees have priority access at Zurich airport to supervise airfreight shipments. As a “regulated agent”, licensed by the Swiss Federal Office of Civil Aviation, the goods packaged by us no longer have to be X-rayed and go on their way unhindered. We also offer personal courier services for particularly valuable artworks.

## Installation on site

Our fine art technicians are trained to carry out installation on site, whether for temporary exhibition purposes or as a long-term installation in a museum, a gallery or a private collection. Whether a metre-high stone sculpture or an ethnographically valuable dugout canoe, with our cranes and wide variety of tools we also master difficult tasks of any weight and dimensions.

## Insurance

In order to comprehensively insure your valuable artwork, we offer an all-risks cover with no deductible at attractive premium rates, both for transport and storage. Cover extends from nail to nail or plinth to plinth and is applicable for every artwork and cultural item after registration. Contact us – we will be happy to answer any questions!

## Fine art storage

Whether a private collection, a museum, a gallery, an artist's estate or a corporate collection, with us you will find a variety of storage types to suit every customer requirement.

Our state-of-the-art fine art warehouse offers a sophisticated security system, as well as climate and humidity-controlled storage rooms without any water pipes. All walls, doors and gates exhibit an extremely high level of fire resistance. A highly sensitive fire alarm system with a gas extinguishing mechanism for prompt fire suppression is installed in all rooms.

Oversize goods elevators and entrances to the storage units, as well as a very high load capacity per square metre, enable the storage of works of every size and weight.

## Pest control

At our storage facility in Zurich, we use a proven and gentle method for dealing with pests within highly sensitive art and cultural objects. Pests such as textile moths, silverfish, woodworms and others are completely destroyed in our nitrogen chamber, leaving no residues.

## Viewing rooms and restoration studio

Our two viewing rooms have natural light and various illumination options.

The restoration studio is equipped for basic conservation as well as restoration work and can be rented on an hourly or daily basis.

## Contact

Any questions?

We look forward to hearing from you.
